## About the Editorial Board

---

*CommonHealth, a journal of the College of Public Health at Temple University, is a peer-reviewed, online-only, open access journal for rapid dissemination of high-quality research and scholarship related to all aspects of public health. The Editorial Board includes representatives from each of the College's departments, with emphasis on student participation and membership. This membership aligns with the CPH's mission to promote transdisciplinary collaboration and develop the next generation of leaders in research, scholarship, service, and innovation. Our Board recognizes the need for shared governance with students so that the administration of the journal can serve as a training opportunity as well.*
